

# TRAK™

The Trak modern commercial ceiling fan collection works where comfort is as important as style and durability.

This commercial ceiling fan is available in four sizes, three versatile finishes, and an LED light option to fit your space's size, style, and lighting needs. The Trak commercial ceiling fan, Hunter's perfect combination of aesthetic appeal and air circulation, provides consistent, controlled airflow in sizable open-concept spaces while keeping guest comfort at the forefront.

Trak is perfect for bars, restaurants, patios, fitness facilities, meeting areas, and much more.
