

SECURITY, SAFETY + STORAGE SOLUTIONS

Wire Mesh Products | Folding + Portable Gates | Tenant Storage Lockers

Since 1913, Acorn Wire + Iron Works™ has been the national leader in access containment solutions, providing both innovation and quality. This tradition continues today in the design engineering of our high performance products. All our products provide security without compromising light, supervision or ventilation. Manufactured from 100% carbon neutral recycled steel, all Acorn products qualify for LEED points.

WARRANTY

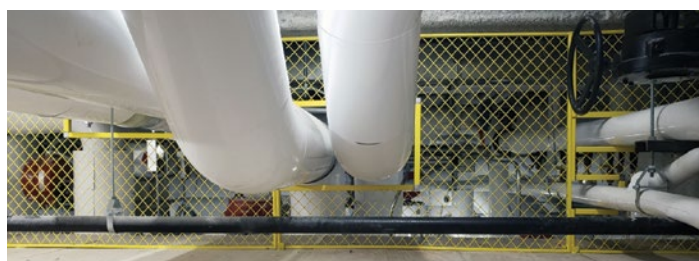

We guarantee our products against defective material and/or workmanship. Wire Mesh Products, including Tenant Storage Lockers, have a one year warranty. Folding Gates have a five year warranty.

Wire Mesh Products

- Wire Mesh Partitions**
- Wire Mesh Tenant Storage Lockers**
- Wire Mesh Window Guards**

FEATURES + BENEFITS

- All woven wire mesh or sheet metal base options available
- Constructed of 6-gauge heavy duty or 10-gauge steel
- Optional unique self-supporting ceiling construction satisfies most span and loading conditions
- Provides absolute security and protection
- Wire Mesh Partitions allow maximum flexibility through a series of standardized units, panels, doors, service windows and corners which can be arranged in any combination

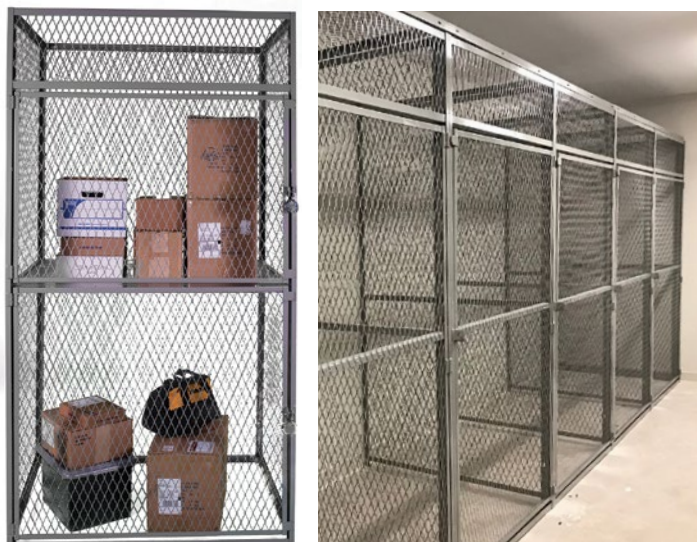

Folding + Portable Gates

Ensures reliable and flexible access control in commercial, institutional and governmental applications

FEATURES + BENEFITS

- High visibility of secured spaces
- Limit access to machinery and hazardous areas
- Gates blend seamlessly into color-matched fixed cabinets
- Cabinets can be deep, shallow or surface mounted
- Fixed or hinged options are available
- One person operation for easy set-up
- Portable Gates roll away when not in use
- Portable Gates stack and lock together for easy storage
- Portable Gates are maintenance-free galvanized steel construction

Tenant Storage Lockers

Expanded metal mesh allows light, ventilation and fire protection systems to work effectively

FEATURES + BENEFITS

- Work individually or in multiples for larger spaces
- Tough baked-on powder coat finish
- Fast set-up and easy reconfiguration for maximum flexibility
- Secure tenant items against theft or vandalism
- Limit access to building maintenance systems
