

# VERSA GUARD™ PARTITIONS

## A FLEXIBLE AND SECURE SYSTEM FOR SEPARATING SPACES

- ▶ **UNSURPASSED ADJUSTABILITY**  
The Versa Guard™ System can be easily adapted on-site to meet your specific needs.
- ▶ **IN STOCK**  
We keep a large stock of our standard components in-house to ensure quick shipping for your urgent security needs.
- ▶ **PRE-ENGINEERED ROOMS**  
Available in multiple configurations, the Versa Guard™ system ships pre-packaged, making it quick to set up and easy to relocate shipping for your urgent security needs.
- ▶ **FINISH SOLUTIONS**  
Versa Guard™ Partitions are powder coated.

Versa Guard™ Welded Wire Partitions are an extremely tough and attractive system for separating and securing any space. Welded at each intersection—over 500 welds in a 4' x 8' panel—this wire mesh partition is substantially stronger than woven wire alternatives.

True to their name, Versa Guard™ Partitions install 25% faster than substitutes by employing fewer parts and utilizing self-tapping screws. The partitions are easily reconfigurable, flexible and the powder coated finish will keep the system looking new for years to come.
