# ROOF HATCH HOIST

KH0001

# PRODUCT OVERVIEW

The Kattsafe Roof Hatch Hoist System provides a safe, easy method to lift items up to the rooftop. This system simply, quickly and securely connects to the Kattsafe Roof Hatch Guardrail system allowing the contractor or maintenance technician to safely lift items such as small tools, compressors and other equipment to the roof through the hatch. Aluminum construction and powder coated finish allows for installation by one person and results in long term, low maintenance performance. Critical hardware components are manufactured of stainless steel to ensure protection against the elements. For aesthetic purposes, the top section of the can be easily dismantled when not in use.

An electric hoist option is available to allow for simple, quick lifting of product when access is more frequent. A cargo net is also available to lift small tools.

Lifting Capacity - 100lbs

## Codes and Descriptions

- KH001: Roof hatch mounted hoist system - 100lbs capacity
- KH.CNET: 3ft x 3ft cargo net
