INTRODUCING HEAVY DUTY CABINETS

Imagine a cabinet engineered with such precision it redefines heavy duty industrial storage. A cabinet that's light enough to move around your facility, but strong enough to bear up to two tons of equipment.

At Strong Hold, we didn't stop at the idea – we brought it to life. Meet our newest line of American-made Heavy Duty cabinets, meticulously crafted with 18-gauge steel.

CHOOSE FROM A FULL LINE OF 18-GAUGE CABINETS

HOW DOES IT COMPARE?

To be the best cabinets on the market, we had to compete with ourselves. Here's how the Heavy Duty line stacks up.

50

EXPLORE THE FULL LINE AT STRONG-HOLD.COM

EASY TO MOVE

No fork truck required. Our 18-gauge steel cabinets can be moved around your space with a hand truck or mover's dolly, so you can have secure Heavy Duty storage beyond the shop floor.

REINFORCED DURABILITY

Our Heavy Duty line is reinforced with extra steel, rivets and bends to maximize strength and protection while remaining versatile and lightweight.

IMPRESSIVE LOAD CAPACITIES

We leveraged innovation and thoughtful engineering to gear up our 18-gauge line with weight capacities usually only found in cabinets with thicker steel.

MULTIPLE LEVELS OF SECURITY

Our handles come complete with a built-in cylinder lock and can be secured with a standard padlock. You can add an electronic lock to any model for extra protection and tracking capabilities.

SLEEK DESIGN

Our Heavy Duty line features a unique chrome handle and is available in 12 standard colors for the ultimate upgrade to your shop or workspace.

SHIPS FULLY ASSEMBLED

Don't waste time and frustration on setup. Each shelf is locked in place for secure shipment and immediate use the moment your cabinet arrives.
