

Model 285

Telescoping Coil Grab

This rack-and-pinion-style grab allows for the handling of a wide range of coil sizes with minimum manpower. Optional motorized rotation allows the crane operator to spot the coil with precise positioning. Coil grabs are custom designed per application.

Product Features:

- Low-headroom design
- Lockout switch in carrying foot to prevent inadvertent opening
- Replaceable wear plates
- Hinged covers
- Heavy-duty worm gear reducer
- Drive protection includes slip clutch
- Machined slide arms
- Curved supports on lifting feet for coil protection
- Designed for easy maintenance.
- AC power

Product Options:

- Powered rotation with or without stops
- Photo eye to sense coil I.D.
- Coil protection
 - Trip plates with sensors
 - Toe rollers on carrying feet
 - Coil I.D. sensor
 - Polyurethane coverings
- Heavy-duty function indicator lights
- Integral weighing system
- Maximum open/minimum close limit switches
- DC power
- Parking or maintenance stand
- Electrical reversing motor controls

ORDERING INSTRUCTIONS

NOTE: To request a price quotation on your specific application, please fill in the Coil Handling Application Evaluation on page 12 or online at www.caldwellinc.com/applications.
