

# ROOF HATCH HOIST

KH0001

# PRODUCT OVERVIEW

The **Kattsafe Roof Hatch Hoist** provides a safe, easy method to lift items up to the rooftop. This system simply, quickly and securely connects to the Kattsafe Roof Hatch Guardrail system allowing the contractor or maintenance technician to safely lift items such as small tools, compressors and other equipment to the roof through the hatch. Aluminum construction and powder coated finish allows for installation by one person and results in long term, low maintenance performance. Critical hardware components are manufactured of stainless steel to ensure protection against the elements. For aesthetic purposes, the top section of the can be easily dismantled when not in use.

An electric hoist option is available to allow for simple, quick lifting of product when access is more frequent. A cargo net is also available to lift small tools.

Lifting Capacity - 100lbs

## Codes and Descriptions

- **KH001:** Roof hatch mounted hoist system - 100lbs capacity with stainless steel wire rope, 3/16" x 45' with stainless steel thimble and hook swaged one end
- **KH.CNET:** 3ft x 3ft cargo net

**Kattsafe** Height access  
and fall protection

# ROOF HATCH GUARDRAIL

KG

# PRODUCT OVERVIEW

The Kattsafe Roof Hatch Guardrail system meets all OSHA requirements for safe entry through rooftop openings. This fixed railing system provides permanent fall protection for hatch openings. Available in multiple sizes, the roof hatch guardrail can fit most existing hatches or can be easily installed on our Kattsafe roof hatch. The innovative clamping system eliminates the need to drill holes into the hatch or roof surface, jeopardizing the roof warranty. This system installs in minutes with basic tools.

## Features

- Permanent fall protection system goes up in minutes
- Meets OSHA requirements for rooftop openings
- Can attach to any size roof hatch
- No roof penetration - protects roof warranty
- 5-year warranty (moving parts not included)

---
